#### CVE Data Usage and Satisfaction Survey

The Board received an update on the results collected from the ongoing CVE Data Usage and Satisfaction Survey. The final submission deadline for response is April 4, 2025:

- 162 responses have been received so far
- A summary of 153 responses was sent to the Board on March 31
- A final summary of responses could be sent Friday or early next Monday, April 7

The survey will be reopened during VulnCon as an “encore round,” clearly demarcated in the dataset. Feedback collected during VulnCon will be tracked separately to capture differences in stakeholder demographics and context.

#### Face to Face CVE Board Meeting (Post-VulnCon)

The Board reviewed the agenda for an in-person Board meeting on April 11. The discussion included the following agenda highlights:

**Hotwash Of VulnCon 2025:** Review of the event, discussions with stakeholders, takeaways and action items.

**Survey Review and Discussion:** The in-person meeting will include a deep dive into the CVE stakeholder survey, with structured discussion around segmented findings.

**Enrichment Recognition List (ERL) Criteria and CNA Incentives:** A discussion emerged around how to evolve ERL system as more than just a badge.

---

#### Open Discussion

**Dispute Policy and CNA Rules:** A newly drafted dispute policy, and clarifications to the CNA rules, will be sent to the Board via email for vote. Minor glossary term additions are also forthcoming.

The Board meeting was concluded early after no other Open Discussion items were volunteered.
